ELKHART COMMUNITY SCHOOLS

Hawthorne Elementary is a diverse Pre-K through 6th grade school where every students' academic needs are put first. Hawthorne's staff prides itself in providing students a safe and caring learning environment with many extracurricular opportunities such as sports, drumming, robotics, and student council. Many volunteers help support student learning through Elkhart's CARES program.

Currently in its tenth year at Hawthorne, all students have the opportunity to join the Drum2Change program, a African-based drum program whose curriculum is designed to develop respect and focus, teach teamwork, and increase music skills. The top drummers are invited to participate in the Roots of Rhythm ensemble, who performs throughout the community and state. This program has been recognized by the Indiana Department of Education, for the resulting academic improvements of performers.

We welcome you to visit Hawthorne for a tour and to understand the long legacy of our great school.
