The following requests for excused absences are recommended for approval:

2021 - 2022 CONFERENCES	EXPENSES	SUBSTITUTE
<b>INDIANA UNIVERSITY GROUPS RECOMMENDERS WORKSHOP</b> This workshop is essential in giving low-income at risk students the opportunity to be admitted to attend IU through the IU Groups program. Recommenders must attend in order to be eligible to make recommendations for the students. This workshop will give me necessary information, application and eligibility requirements for these potential Seniors that would not be typically given admission to IU. A meeting will be called to invite these students that meet the qualifications.  As an Indiana University Groups Scholar Recommender, this workshop is mandatory in order to continue to help low-income and primarily first-generation students have the opportunity to be admitted to Indiana University. I will give all the necessary information to students and counselors in order for Elkhart High School students to be accepted into this program. I will discuss eligibility requirements with potential seniors and walk them through the admission and financial aid process. I will then notify counselors and administrators when students have been selected to participate in the program. ## PROCEDURE FOR CONTROVERSIAL ISSUES AND MATERIALS

### Mission

The school libraries of Elkhart Community Schools empower all patrons to be lifelong critical thinkers, enthusiastic readers, skillful researchers, and ethical users of information and technology.

### Support for Intellectual Freedom

The school libraries of Elkhart Community Schools are guided by the principles set forth in the Library Bill of Rights and its interpretative statements, including “Access to Resources and Services in the School Library Program” and The Students’ Right to Read statement of the National Council of Teachers of English.

### Objectives

Through collaborative curation, the library staff of Elkhart Community Schools seeks to

- provide faculty and students with materials that enrich and support the curriculum and meet the needs of the students and faculty served;
- provide students with a wide range of educational materials on all levels of difficulty and in a variety of formats, with diversity of appeal, allowing for the presentation of many different points of view;
- select materials that present various sides of controversial issues, giving students an opportunity to develop analytical skills resulting in informed decisions; and
- select materials in all formats, including up-to-date, high quality, varied literature to develop and strengthen a love of reading.

### Responsibility for Selection

The Board of Trustees of Elkhart Community Schools will be legally responsible for the selection of instructional materials; however, the Board shall delegate, to the Director of Literacy, the operational authority and responsibility for selection of library materials in all formats. Responsibility for actual selection rests with professionally trained library personnel using the Board’s adopted selection criteria and procedures.

### Selection Criteria

The following guidelines will be used when selecting materials and resources for the school libraries of Elkhart Community Schools:

GENERAL CRITERIA:

- Support and enrich the curriculum and/or students' personal interests and learning.
- Meet high standards in literary, artistic, and aesthetic quality; technical aspects; and physical format.
- Provide materials representative of the many religious, ethnic and cultural groups and their contribution to our American heritage.
- Be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social, emotional, and intellectual development of the students for whom the materials are selected.
- Incorporate accurate and authentic factual content from authoritative sources.
- Earn favorable reviews in standard reviewing sources and/or favorable recommendations based on preview and examination of materials by professional personnel.
- Exhibit a high degree of potential user appeal and interest.
- Represent differing viewpoints on controversial issues.
- Provide a global perspective and promote diversity by including materials by authors and illustrators from a wide variety of cultures.
- Include a variety of resources in physical and virtual formats including print and non-print such as electronic and multimedia (including subscription databases and other online products, e-books, educational games, and other forms of emerging technologies).
- Demonstrate physical format, appearance, and durability suitable to their intended use.
- Balance cost with need.

Acquisition Procedures

The following guidelines will be used when acquiring materials and resources for the school libraries of Elkhart Community Schools:

- In selecting learning resources, professional personnel will evaluate available resources and curriculum needs and will consult reputable, professionally prepared aids to selection, and other appropriate sources. The actual resource will be examined whenever possible.
- Recommendations for purchase involve administrators, teachers, students, district personnel, and community members, as appropriate.
- Gift materials shall be judged by the selection criteria and shall be accepted or rejected by such criteria.
- Selection is an ongoing process which should include removing materials no longer used or needed, adding materials, and replacing lost and worn materials that still have educational value.

### **Selecting Controversial Materials**

The ECS Board of Trustees subscribes to the principles expressed in the American Library Association's Library Bill of Rights. It is the responsibility of the school district to provide a wide range of materials on different levels of difficulty and representing different points of view. ECS school library staff will provide materials on opposing viewpoints on controversial issues to enable students to develop necessary critical thinking skills so they can be knowledgeable users of information and productive members of society.

### **Gifts and Donations**

Gifts and donations to the ECS school libraries are accepted with the understanding the decision for use and disposition of the materials and/or funds will be determined using the same selection criteria as purchased materials. All materials should support the curriculum and needs of library users. Gifts and donations, like purchased resources, will be removed from the collection at the end of their useful life.

### **Collection Maintenance and Weeding**

Annually, the ECS school library staff will conduct an inventory of the school library collections and resources. The inventory will be used to determine losses and remove damaged or worn materials which can then be considered for replacement. The inventory will also be used to deselect and remove materials no longer relevant to the curriculum or of interest to students. Additionally, ECS school library staff will regularly and systematically inspect materials which may result in weeding outdated, damaged, or irrelevant materials from the collection.

### **Reconsideration**

Despite the careful selection of library resources and the qualification of those involved in the selection process, objections to library resources that are deemed offensive or inappropriate may occur. Any resident, employee, or student of the school district may express an informal concern or formal request for reconsideration of a library resource.

Whether during an informal complaint or a formal reconsideration of a library resource, library staff, administrators, trustees, and Reconsideration Committee members will complete their work using the following principles:

- Libraries have diverse materials reflecting differing points of view, and a library's mission is to provide access to information to all users.
- All library users have a First Amendment right to read, view, and listen to library resources.
- The Library Bill of Rights and the Freedom to Read Statement of the American Library Association will be used as guiding documents.
- Any person has the right to express concerns about library resources and expect to have the objection taken seriously.
- When library resources are reconsidered, the principles of the freedom to read, listen, and view are defended rather than specific materials.
- A questioned item will be considered in its entirety, not judged solely on portions taken out of context.
- Parents or guardians have the right to guide the reading, viewing, and listening of their children but must give the same right to other parents/guardians.
- Questioned items will remain in circulation during the reconsideration process.
- The reconsideration process should be completed in its entirety and not subverted or ended prematurely, leaving the library open to legal challenge.

### **Informal Complaint**

Persons with a complaint about library print or digital resources should state their concerns to the school library staff member or principal. The library staff member or principal will listen attentively to the concerns and attempt to resolve the issue informally. As part of the discussion, the school employee will explain the library's selection policy, selection criteria, diversity of the collection with resources from many points of view, and the selection process. Additionally, each parent/guardian has the right to determine the appropriateness of library resources for their children and should accord the same right to other families and resources.

If the complaint is not resolved informally, the library staff member or principal will explain the formal reconsideration process and provide the individual with a copy of the school district's library selection policy with reconsideration procedures and a request for reconsideration of library resources form. If there is concern about multiple items, a separate form must be completed for each item. All complaints to staff members shall be reported to the building principal, whether received by telephone, letter, or in personal conversation. **No library resources should be removed or restricted from use as a result of the informal complaint.**

If the completed and signed formal request for reconsideration form has not been received by the principal within two weeks, the matter shall be considered closed.

### Request for Formal Reconsideration

The following procedures should be followed if, after discussing the questioned resource, no resolution is determined.

1. The complainant should be referred to the Director of Literacy.
2. A concerned citizen who is dissatisfied with earlier informal discussions will be offered a packet of materials which includes the library's mission statement, selection policy, request for reconsideration of instructional resources form, and the Library Bill of Rights.
3. The complainant is required to complete and submit the reconsideration form to the Director of Literacy within ten business days.
4. If a completed reconsideration form is not submitted within ten business days, the matter is considered closed.
5. Upon receipt of the form, the Director of Literacy should notify and provide a copy of the reconsideration form to the following individuals:
  - a. Assistant Superintendent of Instruction
  - b. Building Principal
  - c. School Library Reconsideration Committee
  - d. School librarian
  - e. District Counsel/Chief of Staff
6. The work in question will remain on library shelves and in circulation until a formal decision is made.

7. The Reconsideration Committee will be appointed by the Director of Literacy and consist of a board member, teacher, a building level administrator, a school librarian, a reading specialist or language arts teacher, and a member of the community.
8. The Director of Literacy will secure copies of the resource for the committee to review.
9. The Director of Literacy will provide the reviewing committee with a short formal Intellectual Freedom training explaining a packet of materials which includes the library's mission statement, selection policy, the Library Bill of Rights, the completed reconsideration form, reviews of the resource being reconsidered, and a list of awards or honors, if any.
10. The Reconsideration Committee will schedule a formal reconsideration meeting within 15 school days after the Director of Literacy receives the written request for reconsideration. The Director of Literacy will notify the Assistant Superintendent of Instruction and District Counsel/Chief of Staff of this schedule.
11. The Reconsideration Committee will follow the procedures listed below:
  - a. At the initial meeting, the Director of Literacy and committee will review reconsideration committee guidelines and procedures. The Director of Literacy will serve as the chair of the committee. A member of the committee will keep minutes.
  - b. All committee members will fully review the resource (read or view the entire work) before voting.
  - c. The committee reserves the right to use outside expertise if necessary to help in its decision-making process.
  - d. The complainant may make an initial verbal presentation about the resource under reconsideration or may choose to share the written form. The complainant is asked to provide sources for quotes used during this presentation.
  - e. The complainant may not participate in or observe the committee's deliberations unless invited to do so by the committee. The Director of Literacy may choose to give committee members time to ask questions.
  - f. During the initial or subsequent meetings, the committee will make its decision determined by the simple majority to retain, move the resources to a different level, or remove the resource. This will be a secret ballot vote.

- g. The committee's written decision (including a minority report if needed) shall be presented to the complainant, the Superintendent, Assistant Superintendent of Instruction, and District Counsel/Chief of Staff.
- h. If the complainant is not satisfied with the decision at the district level, a written appeal can may be made within 10 school days, to through the Superintendent, to the Board for a final decision.
- i. Decisions on reconsidered materials will stand for five years before new requests for reconsideration of those items will be entertained.

### **Reconsideration Committee Guidelines**

Under the best professional standards, reconsideration policies ask those charged with reviewing a challenged book or other resource to set aside their personal beliefs and evaluate the work in light of the objective standards outlined in the library's materials selection policy. Listed below are some best practices for Reconsideration Committee members:

- Bear in mind the principles of the freedom to read and base your decision on these broad principles rather than in defense of individual materials. Rooted in the First Amendment, the freedom to read is essential to our democracy.
- Read or view all materials referred to you including the full text of the material in question, available reviews, and notices of awards, if applicable.
- Review the library mission statement, materials selection and reconsideration policies, and professional guides such as the Intellectual Freedom Manual.
- The general acceptance of the materials should be checked by consulting standard evaluation aids and the ECS selection policies.
- Challenged materials should not be removed from the collection while under reconsideration.
- Passages or parts of the work in question should not be pulled out of context. The values and faults should be weighed against each other and the opinions based on the materials as a whole.
- The reconsideration committee meeting may be closed depending on state law and local practice. While public comments may be useful, these comments should be directed to the Director of Literacy.
- The committee's recommendation is to be an objective evaluation of the material within the scope of the district's selection policy.

**Request for Reconsideration of Material Form**

The Board of Trustees of Elkhart Community Schools will be legally responsible for the selection of the instructional materials; however, the Board has delegated the operational authority and responsibility for selection and evaluation of library materials and resources to the Director of Literacy and the school library staff, and has Reconsideration procedures have been established reconsideration procedures to address concerns regarding such about those resources. Completion of this form is the first step in the request for reconsideration process those procedures. If you wish to request reconsideration of school or library resources, please return the completed form to the Director of Literacy.

~~The following principles and procedures have been established by the Elkhart Community Schools' librarians and are included here as procedure to be followed:~~

~~A. Principles~~

~~———— We shall adhere firmly to the Library Bill of Rights as endorsed by the American Library Association and the responsibilities outlined by the American Association of School Librarians unless they conflict with state law, federal law, or the policies adopted by Elkhart Community Schools.~~

~~———— School libraries are concerned with generating understanding of American freedoms and with the preservation of these freedoms through the development of informed and responsible citizens. To this end the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the library is:~~

- ~~———— 1. ——— To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity levels of the pupils served~~
- ~~———— 2. ——— To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards~~
- ~~———— 3. ——— To provide a background of information which will enable pupils to make intelligent judgments in their daily lives~~
- ~~———— 4. ——— To provide materials on opposing sides of controversial issues so that young citizens may develop under guidance the practice of critical reading and thinking~~
- ~~———— 5. ——— To provide materials representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage~~
- ~~———— 6. ——— To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.~~

~~B. Policies~~

~~———— In interpreting the foregoing principles, we shall observe the following policies:~~

- ~~———— 1. ——— The Elkhart School Board will be legally responsible for selection of instructional materials~~
- ~~———— 2. ——— Actual selection will be made by librarians with input from teacher/parent committees and individual staff members~~
- ~~———— 3. ——— Approved evaluation aids, such as standard catalogues and book review digests, will be regularly consulted~~
- ~~———— 4. ——— Two basic criteria, truth (factual accuracy, balance, authoritativeness, integrity) and art (vision, creative imagination, distinctive style, vitality, aesthetic honesty, good taste) will guide the selection of all materials, including controversial areas such as~~

~~religion, ideology, sex, and science.~~

~~C. Material Selection:~~

~~Textbooks, supplementary instructional materials, library resources, and audio-visual materials shall be selected to provide for representation of all points of view on the problems and issues of our times. In no case shall instructional or recreational reading materials be excluded or removed from the schools because of race or nationality, or the political or religious views of the writer, nor because of local partisan or doctrinal disapproval.~~

~~School librarians (or paraprofessionals), teacher/parent committees, and individual staff members should use but are not limited to the following considerations:~~

- ~~1. Relevance to curriculum~~
- ~~2. Usefulness in encouraging analytical skill development, critical thinking, and judgment~~
- ~~3. Maturity level of students using the material~~
- ~~4. Factual accuracy~~
- ~~5. Value in presenting elements of a controversial issue not sufficiently presented in existing materials~~
- ~~6. Overall theme of material rather than isolated identifications~~
- ~~7. Use of recognized evaluations by authorities, reviews, and catalogues~~
- ~~8. Recommendations and suggestions of other staff members and students.~~

~~D. Handling Controversial Issues~~

~~The role of the teacher in the presentation of controversial issues is delicate but neither dangerous nor impossible. The words issue and controversial suggest more than one side to a question. The teacher has an obligation to aid in collecting pertinent data, in evaluating its accuracy and completeness and relevance to the question, in recognizing prejudices, in examining arguments and in evaluating conclusions. Teachers have an obligation to preserve an attitude of intellectual honesty.~~

~~In guiding learning on controversial issues staff members should attempt to:~~

- ~~1. Develop informed, responsible citizenship~~
- ~~2. Provide relevant and factually supported material on both sides of the issue~~
- ~~3. Give, but openly identify, personal opinions~~
- ~~4. Encourage development of skills in critical analysis~~
- ~~5. Explore issues completely, but not feel obligated to reach conclusions~~
- ~~6. Keep in mind the general educational goals of the schools as well as more specific goals of the particular class.~~

~~E. Use of Controversial Materials~~

~~Textbooks, library resources and other supplementary materials should be selected to provide the fullest range of material presenting all points of view on the problems and issues of our times. In no case shall books or other materials be excluded or removed from the list because of race or nationality or the political or religious views of the writer nor because of local partisan or doctrinal disapproval. Teachers wishing to use movies, DVDs, CDs, and video tapes outside of the media collection maintained by the Elkhart Community Schools must receive prior approval from the teacher's department chair (where applicable), and the Building Principal.~~

~~The following considerations should be used by school libraries, teacher/parent committees or individual staff members in determining the appropriateness of materials being selected for use:~~

- ~~1. Relevance to curriculum~~
- ~~2. Maturity level of students using material~~
- ~~3. Usefulness in encouraging analytical skill development, critical thinking, and judgment~~
- ~~4. Factual accuracy and/or artistic sincerity~~
- ~~5. Value in presenting elements of a controversial issue not sufficiently presented in existing materials~~
- ~~6. Recommendations and suggestions of fellow staff members~~
- ~~7. Overall theme of material rather than isolated identifications~~
- ~~8. Use of recognized evaluations such as reviews, catalogues and authorities.~~

~~F. Criticism~~

- ~~1. Any citizen who objects to any materials selected must submit his or her objection in writing to the Superintendent/Designee by completing the prescribed form.~~
- ~~2. The material in question will be reviewed by an evaluating committee appointed by the superintendent.~~
- ~~3. The material in question will be considered only in entirety, not in part.~~
- ~~4. The material involved may be withdrawn temporarily by the Director of Curriculum and Instruction/Designee, pending a written decision of the evaluating committee.~~
- ~~5. Appeals of this written decision by the evaluating committee may be made through the superintendent to the School Board for a final decision.~~

Code	po0164.4 (includes recommendations from the 8/10/2021 BST meeting)
Status	
Adopted	November 22, 2016
Last Reviewed	August 24, 2021

#### 0164.4 - MEETING OF THE BOARD DEFINED

As used in these by-laws, "meeting" means a gathering of a majority of Board members for the purpose of taking "official action" as defined at I.C. 5-14-1.5-2(d) on public business. The term "meeting" does not include the following:

- A. A social or chance gathering not intended to avoid the principles of the Indiana Open Door law set forth in I.C. 5-14-1.5-1.
- B. An on-site inspection of a project, program, or facility of applicants for incentives or assistance from the Board.
- C. Traveling to and attending meetings of organizations devoted to betterment of government.
- D. A caucus as defined at I.C. 5-14-1.5-2(h).
- E. A gathering to discuss an industrial or a commercial prospect that does not include a conclusion as to recommendations, policy, decisions, or final action on the terms of a request or an offer of public financial resources.
- F. An orientation of members of the Board on their role and responsibilities as public officials, but not for any other official action.
- G. A gathering of Board members for the sole purpose of administering the oath of office specified in I. C. 20-26-4-2 to a Board member or members.

Collective bargaining discussions that the Board engages in directly with the exclusive representative of a bargaining unit consisting of Board employees. This exception from the definition of a "meeting" of the Board applies only when the Board has not appointed an agent or agents to conduct collective bargaining on behalf of the Board. A committee appointed by the Board or the Board President to conduct collective bargaining shall not constitute a "governing body" subject to the Open Door Law (I.C. 5-14-1.5-2((b) (3) and (c)(8)).

The Board's meetings normally shall be held at a location within the School Corporation boundaries which may accommodate public attendance. In such meetings, some members may participate through electronic communication in accordance with Bylaw 0164.5. However, the Board authorizes the Superintendent or Board President to determine it is necessary or appropriate to hold a regular, special or emergency Board meeting by means of remote or virtual participation by all Board members and remote or virtual public access, considering whether and how public comment will be allowed and in compliance with the Open Door Law to the extent required by the Governor and/or the Public Access Counselor or pursuant to Bylaw 0164.6, only in the event circumstances justify such a meeting. Notice of such meetings shall be made as required by the Open Door Law or as modified by the Governor or the Public Access Counselor and include information regarding public access to the remote or virtual Board meeting. Any meeting held under this provision may include voting by Board members (see Policy 0167.1 - Voting), and such votes shall not be invalid merely because of the remote or virtual nature of the meeting if a legal exception exists to requirements under the Open Door law regarding remote voting, for example, by Executive Order of the Governor or guidance provided by the Public Access Counselor or pursuant to Bylaw 0164.6.

The Board President shall conduct the meeting so as to facilitate public understanding, including requiring Board members to identify themselves before speaking and limiting instances of multiple Board members speaking at the same time, to the extent possible.

In the event of an Executive Order issued by the Governor or guidance provided by the Public Access Counselor, notice of a Board meeting may be provided using alternative means than is required by the Open Door Law. For example, permitting notice to be

made through electronic means, e.g., on the Corporation website or social media site, rather than by posting and publication as required by Policy 0165 - Notice of Board Meeting.

#### **0164.5 - MEMBER PARTICIPATION IN MEETINGS THROUGH ELECTRONIC MEANS OF COMMUNICATION**

Subject to the limitations listed below, the School Board shall permit Board members to participate in a meeting by an electronic means of communication if it allows all Board members participating in the meeting to simultaneously communicate with each other and allows the public to simultaneously attend and observe the meeting if it is not an executive session.

A Board member participating by an electronic means of communication shall be considered present for purposes of establishing a quorum but may participate in any final action taken at the meeting only if the Board member can be seen and heard. At least fifty percent (50%) of the Board members must be physically present at a meeting.

A Board member may attend two (2) consecutive meetings (a set of meetings) by electronic communication. A Board member must physically attend at least one (1) meeting between sets of meetings the Board member attends by electronic communication unless the Board member's absence is due to:

- A. military service;
- B. illness or other medical condition;
- C. death of a relative; or
- D. an emergency involving actual or threatened injury to persons or property.

A Board member may not attend more than fifty percent (50%) of the Board meetings in a calendar year by an electronic means of communication unless the Board member's electronic participation is due to:

- A. military service;
- B. illness or other medical condition;
- C. death of a relative; or
- D. an emergency involving actual or threatened injury to persons or property.

All votes taken during a meeting conducted with at least one Board member participating through an electronic means of communication shall be by roll call. The Board minutes prepared for meetings in which at least one Board member participates by an electronic means of communication must state the name of each Board member who:

- A. was physically present at the place where the meeting was conducted;
- B. participated in the meeting by using any electronic means of communication; and
- C. was absent.

The Board minutes also shall identify the electronic means of communication by which:

- A. Board members participated in the meeting; and
- B. the public attended and observed the meeting if it was not an executive session.

Board members may not participate in a Board meeting by electronic communication if the Board is attempting to take final action to:

- A. adopt a budget;
- B. make a reduction in personnel;
- C. initiate a referendum;
- D. establish or increase a fee;
- E. establish or increase a penalty;
- F. use the Board's power of eminent domain authority; or
- G. establish, raise, or renew a tax.

A technological failure in an electronic means of communication which disrupts or prevents:

- A. the simultaneous communication between a Board member who is not physically present at the meeting and the Board; or
- B. a member of the public who is not present at the meeting from attending and observing the meeting does not prevent the Board from conducting the meeting or affect the validity of an action taken by the Board at the meeting if the sum of the Board members physically present at the meeting and the Board members participating by electronic communication without technological failure satisfies the quorum and, if a final action is taken, the Board's voting requirements.

### **0164.6 - MEETINGS DURING DECLARED DISASTER EMERGENCIES**

This Bylaw applies only if:

- A. the Governor declares a disaster emergency under I.C. 10-14-3-12; or
- B. the executive (as defined in I.C. 36-1-2-5) of a political subdivision declares a local disaster emergency under I.C. 10-14-3-29.

Until the disaster emergency or local disaster emergency is terminated, School Board members are not required to be physically present at a Board meeting. During the disaster emergency or local disaster emergency, Board members may meet by any means of electronic communication, if the following are satisfied:

- A. At least a quorum of the Board members participate in the meeting by means of electronic communication or in person.
- B. The public is able to simultaneously attend and observe the meeting, unless held in executive session.

All votes taken in a meeting conducted with at least one Board member participating through an electronic means of communication during a declared disaster emergency or local disaster emergency shall be by roll call. The Board minutes prepared for meetings in which at least one Board member participates by an electronic means of communication during a declared disaster emergency or local disaster emergency must state the name of each Board member who:

- A. was physically present at the place where the meeting was conducted;
- B. participated in the meeting by using any electronic means of communication; and
- C. was absent.

The Board minutes also shall identify the electronic means of communication by which:

- A. Board members participated in the meeting; and

#### 0167.1 - **VOTING**

All regular and those special meetings of the Board at which the Board is authorized to take official action shall be conducted in compliance with the Indiana Open Door Law (I.C. 5-14-1.5). Except with respect to the approval or modification of a contract, no action shall be valid unless approved at a public meeting of the Board by a majority vote of a quorum of the Board and a proper record made of the vote. Board action to approve or modify a contract shall require an affirmative vote of a majority of all members of the Board. A Board member must be physically present in order to cast a valid vote unless otherwise permitted to participate in and vote during Board meetings remotely or virtually pursuant to an Executive Order ('EO') of the Governor or guidance issued by the Public Access Counselor ('PAC') or as provided in Bylaw 0164.5 or Bylaw 0164.6.

A Board member who is not physically present at a meeting of the Board, may participate in the meeting through electronic communications in accordance with Bylaw 0164.5. A member participating electronically shall be considered present for purposes of establishing a quorum, but may participate in any final action taken at the meeting only if the member can be seen and heard, except for meetings authorized by Bylaw 0164.6. All votes taken during a meeting conducted with at least one member participating through electronic communication shall be by roll call. ~~but who communicates with members of the Board during the meeting by telephone, computer, videoconferencing, or any other electronic means of communication that permits the member to hear and be heard by the Board members and public present at the meeting, may participate in any Board discussion, but may not participate in a vote taken at the meeting and may not be considered to be present at the meeting for purposes of the existence of a quorum.~~

The minutes of a meeting must state each member who was physically present, each member who participated by using electronic means of communication, and each member who was absent.

Abstentions shall not be counted as votes, but shall be recorded in the minutes of a meeting and are deemed to acquiesce in the outcome of the vote. In situations in which a specific number of affirmative votes are required and abstentions have been recorded, the motion shall fail if the specified number of affirmative votes have not been cast. In the case of a tie vote in which a member abstains, the motion shall fail for lack of a majority.

All actions requiring a vote shall be conducted by roll call ~~may be conducted by voice~~ provided ~~that~~ the vote of each member be recorded; however, when Board members are permitted to participate in and vote during Board meetings remotely or virtually pursuant to an EO of the Governor or guidance issued by the PAC, voting shall be conducted as required by the Governor's EO or PAC's Guidance. Additionally, voting must comply with Bylaw 0164.5 or Bylaw 0164.6 if one of those bylaws is implicated. Proxy voting shall not be permitted. Any member may request that the Board be polled.

### 3120.03S - **EMPLOYMENT OF SUBSTITUTES**

The Board recognizes its responsibility to procure the services of substitute support staff in order to prevent the interruption of the operation of the schools. When the substitute support staff member employed by the corporation is an ECS retired support staff employee working in the classification from which the employee retired, the substitute shall be paid at the current wage rate for the last position held.

The names of potential substitute staff shall be maintained by the Human Resources Department.

Relatives of Board members may be employed by the Board, provided the member of the Board involved does not participate in any way in the discussion or vote.

The Human Resources Department will verify all new employee's and substitute's right to work in the United States.
