

Intensity Recording Form

Student:

Date:

Behavior of Concern:

This form is to be used when it is relevant to record the **level of intensity** of a behavior.

Examples are when the goal is for the student to reduce:

- Level of physical involvement in throwing self to the ground
- How hard the student hits
- How loud the student screams
- The amount of items thrown, broken, etc.

Intensity Rating Scale (Examples: For screaming, 1 is loud enough to be heard in the classroom only, 5 is loud enough to be heard in the next hallway; for an incident of throwing self to ground, 1 is sits down briefly, 5 is lies on ground, thrashing arms and legs and kicking; for hitting, 1 is a mild slap with open hand, 5 is a punch with closed fist hard enough to leave a red mark or bruise.)
