Consider the following items when creating the positive behavior intervention plan:

Prevention: What environmental adjustments will be used to make the student's behavior of concern unnecessary? (Make behavior of concern irrelevant)	Reinforcement: How will rewards for desired behavior be increased or improved? (Make desired behavior more rewarding than behavior of concern)	Responding to Problem Behavior: Prompt desired behavior and consequence behavior of concern
Teaching: What skills will be taught to replace or meet the same function as the student's behavior of concern? (Make behavior of concern inefficient)	Extinction: How will rewards be minimized for behavior of concern? (Make behavior of concern ineffective)	Safety: Ensure safety of all *Attach Individual Crisis Management Plan if there are safety concerns

Behavioral Goal:

Intervention/Task	Person Responsible	By When	Review Date:	
			Was task completed?	Evaluation Decision Continue, Modify, or Discontinue
Data Collection: Data to be collected and procedures for data collection	Person Responsible	By When
